WORK WONDERS

Commons is a fully-serviced coworking lounge.

Complete office amenities within an informal and trendy lounge setting makes Commons the perfect environment for creative and professional excellence. Our vibrant and diverse community offers exposure to like-minded people from all industries.

Commons Unirii is located in the heart of downtown Bucharest on one of the city's most central and prominent squares. Steps away from Unirii Subway Station, the lounge is easily accessible from all over the city.

Situated on the edge of the Old Town, Commons is surrounded by many of Bucharest's coolest bars, restaurants and cafes, making it the ideal location for your business lunches and post-work social activities.

WORK WONDERS

24/7 Access

9-5 working hour days are a thing of the past. At Commons we do everything to support intense work hours and maximum flexibility. With your personalised access code you'll enjoy 24-hour access to the lounge.

Meeting Rooms

Host clients, pitch to investors and hold team meetings in smart equipped meeting rooms.

High Speed Wifi

The only thing worse than no internet is slow internet. At Commons you can be sure of constant connectivity to high-speed servers, dedicated Cisco Meraki fibre optic lines and backup circuits.

Phone Booths

Open-plan, yet discrete. Make your phone and video calls in sound-insulated booths, undisturbed and undisturbing.

Coffee & Tea

Behind every successful person is a substantial amount of free coffee. And at Commons Unirii, it's no ordinary coffee. Fuel your productivity and creativity with hand-selected coffee beans from Colombia and Guatemala, hand-roasted here in Bucharest.

Printing

Everyone hates the printer! Not at Commons though. The latest Toshiba printer combined with Ezeep software provides a seamless connected printing experience.

Lockers

Some things are best kept in the office. No need to drag your stuff to and from work every day. Store it all away safely in personal lockers.
