

The first *Business School* in Romania for Board Directors

A Circle of trust, knowledge, expertise and insights. A place for Chairs, Senior Independent Directors, Non-Executive Directors, C-Suite level and high-caliber professionals to learn and develop sustainable business models and innovative approaches to organizational culture and future risks.

The Future of Governance International Conference 2024

Future of Governance International Conference, a pioneer event at its 3rd edition, aims to build an **international platform** for top practitioners and policy-makers to share their insights and research findings, best practices, challenges, and future evolutions in the field of Governance.

It promotes **responsible Governance in the Political, Social and Economic Ecosystem**, preparing companies and their boards for the contemporary challenges, adding value to businesses and local communities, contributing to fostering sustainable behavior throughout global value chains.

We **build** communities. We **share knowledge**, crave learning, and believe in education as a far-reaching solution. We **take responsibility** by growing a new generation of board directors and professionals that leads with up-to-date knowledge, heart, and courage. Because that's intrinsically what makes us **responsible leaders**.

And we do this by building learning and networking opportunities, such as The Future of Governance International Conference.

International platform for elites and experts

Interact with high-caliber top practitioners and policy-makers in the field of Corporate Governance. Attendees will include a mix of professionals from the public and private sectors, board members, academics, practitioners, and high-profile specialists across Europe.

Multidimensional perspective on Corporate Governance

Views are presented from different perspectives: practitioner, politician, academic, and oversight.

Fosters debates and encourages networking based on expertise

The Conference touches the latest trends in Corporate Governance, both in the public and private sectors. Our keynote speakers, panelists and guests are thought leaders and recognized experts in the field of Corporate Governance and leadership.

Envisia is committed to continuously provide its members with educational opportunities, events and knowledge support, to nurture their professional excellence and personal development.

THE 2024 EDITION

EVENT OVERVIEW

Join us for the 3rd edition of the Future of Governance International Conference, a dynamic exploration of governance trends at the global, regional, and local levels, built under the umbrella

Governance Challenges in a Global Ecosystem. This thought-provoking gathering will delve into the multifaceted landscape of governance, examining both its global impact and nuanced dynamics within socio-economic and political ecosystems.

Our experts - authorities, regulators, top notch consultants, business representatives - will dissect the latest trends in governance, offering insights into the challenges and opportunities faced by organizations globally.

The event will conclude with a keynote speech that promises to inspire and provoke us, synthesizing the day's discussions and offering key takeaways for leaders and practitioners alike.
