WITH THE SUPPORT OF

VIP INVITATION

Dear Sir, / Madame,

The Diplomat – Bucharest invites you to join the [People Empowering Business Forum 2019](#) annual event organized on 30, October, at Radisson Blu Hotel in Bucharest, Atlas Hall, starting 8.30 am.

Latest trends like demographic upheaval, globalization, digital technology, and changing social values and worker expectations, are disrupting business models and radically changing the workplace. These are requiring both workers and businesses to adapt and change the way they work.

The annual event dedicated to the human resources brings together cross industries HR leaders to collaboratively map solutions to the challenges of building sustainable and agile learning organizations. The discussions will be focused on the most successful operating models, as well as characteristics of the talent and leadership the companies need, how data can be leveraged to provide relevant insights, and the technology worth investing in.

We would be honored if you accept the invitation,
Please confirm your availability until **October 25, 2019** by e-mail or by phone at:
