CHRISTMAS
2022

WHY

DID YOU

GET THIS?

We have all lived a couple of never-before-seen years in our most recent history and we couldn't have done this without supporting each other.

Once again, our wish is to create the best version of Cutia cu Localnici for Christmas, this year adding a little something special to every single box and giving back to the community.

BYE-BYE PANETTONE

You know us already. Local, Local, Locals are the best. Once again, our mission to replace the same old boring panettone Christmas box with something local and relevant continues.

#NotGivingUpOnYourLocals
#LoveYourLocals

IMAGINE THIS

A locally sourced gift, bringing together carefully curated local products and designed especially for your employees, most faithful clients, partners and friends, in a never-before-seen package that creates a luxury shopping like experience.

AND SOMETHING MORE....

ARE YOU O-HO-HO-READY?

Allow us to introduce you to this year's Cutia cu Localnici Christmas edition

A squared green box wrapped in a never-before-seen tote bag, created for Localnicii by Ștefana Maior, a young Romanian fashion designer.

Not just another tote bag, but a fashion statement, perfectly designed to carry your gifts, picnic baskets and pretty much any day-to-day items.

Buying local just becomes fashionable!
